MEMORANDUM FOR THE RECORD

SUBJECT: Task Force for Reorganization

25X1A 1. At the meeting of 17 April 1973, 25X1A
indicated that he had discussed the slot cut with
the Director of Security, who agreed that the Task Force
should aim at the new figure of There was the follow-
ing explanation of this figure:

25X9

Congressional ceiling of DD/M&S
DCI revised ceiling of DD/M&S
Total cut in DD/M&S
Percentage average cut
25X1A gives the OS cut
New OS ceiling by end FY 1974

2. The various members then presented their organ-
izational charts and there was a preliminary discussion as
to the approach that would be taken by the Task Force. It
was found that there was often general agreement on overall
concepts--a realization that specific policies and proce-
dures should be revised. There was a full and complete
exchange of views and most of the individuals revised their
own specific positions on minor points.

25X1A 3. earlier indicated that he
would prefer not to participate in substantive aspects of
the reorganization plan, and it was generally agreed that
his most significant input would be in the second phase of
the exercise, after an organizational structure was agreed
upon, and we would have to come to grips with the personnel
